## AUTUMN/WINTER COLLECTION 2022

What if we start treating style like a feeling, energy or a character trait that we wish to evoke rather than a trend? Maybe that will allow us to find the colour, shape or material that truly feels like home.

Don't be afraid to choose what you like, what makes you happy and what makes your heart beat faster. Let your bedroom tell your story. This will result in a unique place that is entirely your own.

With Damai, you can create a bedroom that breathes creativity, with a clear, characteristic atmosphere. The variety of designs can be considered a reflection of ourselves. With a link to the past and a focus on the future, the bed linen collection by Damai is an eclectic mix that expresses a love of authentic materials, art and technology. We focus on design, quality & comfort. Being bold enough to show character and expressing your own style, that is the essence of Damai. Our strength is in our unique, characteristic designs and innovative collections. Stand out with Damai.

Damai bed sheets with the 'Made in Green' label stand for quality, sustainability and transparency. They are tested for harmful substances and produced sustainably in accordance with OEKO-TEX guidelines.
