SPRING | SUMMER 2022  
A NEW PATH FOR DAMAI

## SPRING/SUMMER COLLECTION 2022

Breathe life back into your bedroom with the new Damai spring/summer collection 2022, which consists of statement designs and innovative materials, resulting in high-end pieces that are ready for a life full of joy and comfort.

The new bed sheets bear the 'Made in Green' label, which stands for quality, sustainability and transparency. A selection of stylish pieces designed to last whilst retaining their softness. Beautiful items that can be enjoyed for years to come, and which are a valuable addition to your interior, your style and your night's sleep. The Damai collection is divided into versatile themes that fit every style. The classics are there to conquer many hearts, while our worldly designs transform your bedroom into an exotic getaway. Plain bed sheets are more popular than ever, so they obviously play a major role in our new collection; the series is called 'Mik' and the organic series 'Ebba'. Both are available in the most incredible colours which breathe peace and luxury.

Our main goal is to add a unique glow to your home, which should portray your personal sense of style. Whether you opt for extraordinary, artistic or basic – just be you and #standout.

## RECHARGE COLLECTION

A peaceful home equals a peaceful mind, for which the art of omission is key. For Damai's Recharge series, we have embraced minimalism by using a neutral colour palette and refined patterns. Combining light with beautifully large elements, forms and accessories is the secret of this style that provides a calm and powerful interior. In a time where life seems to fly by, your bedroom should be a safe haven where you can truly hit the pause button for a while. Curl up under your soft and cosy bedding, close your eyes and just dream away.

## MIK COLLECTION

In addition to this collection's unique designs, the quality has also improved this spring. The new bed sheets now hold the 'Made in Green' label by OEKO-TEX®. 'Made in Green' products have to be tested for harmful substances and are certified according to the STANDARD 100 by OEKO-TEX®. They must be manufactured in environmentally friendly facilities under safe and socially responsible working conditions. Our bed sheets are made from materials that have been tested for harmful substances. The packaging of our Damai bed sheets has a QR code with which you can discover in which production facilities and in which country your bed sheets were produced. Damai 'Made in Green' bed sheets stand for quality, comfort, the environment, safety and transparency.
